The following is an examiner's comment:

The Examiner notes, with appreciation, the production of the translations of DE '469 and the May 15, 2005 office action by the EPO. However, the Examiner's position has been mischaracterized. Contrary to counsel's statement at the bottom of page 6 of the January 6, 2006 response, the examiner had no "belief" that applicant was in possession of an English translation of DE '649, but rather that applicant was in possession of some sort of office action done by a non-US patent office in a corresponding foreign prosecution. It was also believed that applicant must have had some knowledge of DE '649 to have replied intelligently to what has now been revealed to be the May 15, 2005 EPO rejection. The justification for requiring such information is set forth in MPEP 2001.06(a), 8th Edition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
